### Cover note

Based on the test results:

BLT-reference number	BLT-approval number	heating boiler automatically stocked (wood pellets)
012/01	041/01	Pelletsessel ETA – Pe 15
039/01	031/01	Pelletsessel ETA – Pe 25
046/01	032/01	Pelletsessel ETA – Pe 30
095/06	053/06	Pelletsfeuerung ETA PE-K 32
096/06	054/06	Pelletsfeuerung ETA PE-K 50
097/06	055/06	Pelletsfeuerung ETA PE-K 90

the heating boilers, automatically stocked, fired by compressed wood are permitted to carry the test label of the BLT – Biomass – Logistics – Technology Francisco Josephinum, which documents that it performs according to class III for efficiency (EN 303-5, section 4.2.1, figure 1) and class III for emissions (EN 303-5 table 7).

The director for  
research and innovation:

HR Dipl.-Ing. Dr. Johann SCHROTTMAIER

For the  
accredited testing station:

Dipl.-HLFL-Ing. Leopold LASSELSBERGER
